The students had set up a market named “Kids Bazaar”. They had four stalls- a vegetable stall, a stall of soft toys, a stall of stationary items and one for the exchange of currency. The buyers bought the things using printed paper currency.

The students are exchanging currency at the Currency Exchange Station. After converting the US Dollar into Indian Rupee, they went to the bazaar to buy vegetables.

“What is the price of this toy duck?”

The student asked-
“Give me 1 kg of tomato?”

The students are buying different articles from the shops. They are giving money to the shopkeeper.

The Parents supported the activity and were of opinion that such activities are of great importance to the students.
